

NBA FINALS GAME 2 PROPS SHEET

If you downloaded the Game 1 prop sheet, hopefully you took “yes” on Draymond Green getting a tech at 4/1 odds. Game 1 might have been the Cavs’ best chance at getting into this series – the Warriors are currently -1900 to win the title – but that shouldn’t stop you from gambling on the Game 2 festivities. If you think JR Smith is going to continue his boneheaded ways, or if you have strong opinions on Larry Nance vs. Shaun Livingston, boy do we have a prop sheet for you.
